Elegance
wardrobes

The Elegance Wardrobe System is the essence of simplicity, functionality and versatility. Designed to look equally at home in a traditional or modern interior, it is characterised by sleek lines and refined finishes. This system has been intuitively engineered for the demands of daily family use. Featuring high quality rollers for smooth operation, strong aluminium framing to make countless size panels possible and a specially designed tracking system for a multitude of door configuration options.

The Elegance Wardrobe System

Features and Benefits:

- Door panels have a modern, sleek semi-frameless design
- Purpose designed guide/bumper component aligns the door panel within the head track and provides a door stop feature when positioned accordingly
- Head and sill end cap components have been designed to neatly finish of the installed system. All exposed components are colour matched to various aluminium extrusion finishes
- Two to five panel door configurations achievable in double track
- Three and six panel door configurations in triple track
- Finger pull detail has been designed into the panel stile extrusion for door panels glazed with a solid or plasterboard panel
- Also available in mirror, opaque glass or solid infill panelled doors
- Bumper strips fit into the panel stile providing a bumper to cushion the panel upon closing
- Softclose system provides an anti-slam feature with an elegant, yet quiet feel, for superior functionality
- Frame joint assembly is achieved using specially designed rollers and components. Screw fixings are concealed on the inside of the wardrobe panel
- Specially designed midrail offers a contemporary design and style, allowing you to incorporate different panel types in one door

Finishes Available:

-  Powder coated range
-  Bright Natural Polished
-  Anodised Aluminium
