

The Genesis Range Sliding Door

CAPRAL
ALUMINIUM

genesis

Sliding doors add an elegant and clean look that harmonies with many architectural styles. They maximise natural light and bring the outdoors in by creating a seamless flow between outdoor and indoor spaces. They can be manufactured to specific requirements from 2 or 4 panel standard sliding doors to 3 and 6 panel stacking doors. They are manufactured with high quality rollers for ease use, various locking options and can be integrated with insect or security screens.

The Genesis Sliding Door

The Genesis range of windows and doors has been designed to deliver a premium level of quality, performance and style in architectural aluminium design.

The Genesis Sliding Door features high quality roller hardware and a wide range of locking options. Unique rounded interlocks offer a distinctive, high quality finish. Capable of standard and multi-stack configurations, the Genesis Sliding Door offers flexibility in design and configuration. Optional double glazing is also available to deliver an enhanced level of thermal comfort and performance.

Being part of the Genesis family, a full range of matching sliding, folding awning and casement, sliding and folding doors are also available to further complement your design.
