## Awning Windows

Inspire your living space with Platinum Series high performance, energy efficient windows and doors.

An attractive, slimline appearance characterises the Awning window. Control airflow into your home by leaving your awning window partially open, without letting in the elements.

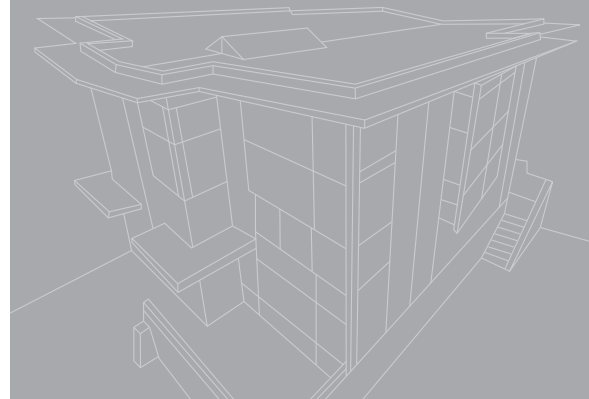

The Platinum Awning window caters for Australia's diverse climate with the option of single or double glazing.

The window panel is cut at 45 degrees, which creates clean lines as well as an attractive appearance.

For effortless and trouble free operation, the Platinum Awning window utilises uncompromising high performance mechanisms and components.

### Maximum Product Performance for window size 2100mm x 900mm

- Serviceability Wind Pressure: 1600 Pa
- Ultimate Wind Pressure: 3300 Pa
- Water Penetration Resistance: 600 Pa
- Overall Classification: N4

**CAPRAL**

Other features include:

- Seals that run along the perimeter of the window panel and moulded santoprene gaskets enhance the window's energy performance, and prevent water and air leakage.
- Stays provide top and bottom ventilation as well as access to outside the window for cleaning without the need for scaffolding.
- Pantograph style opener enables easy and rapid operation of window.
- Solid extruded corner stakes also provide unrivalled strength.
- The double glazed option accommodates Insulated Glass (IG) units of up to 25 mm thick for an energy efficient household.
- Multi point locking options available for additional securing and weather resistance.
