

ANOTHER GREAT FINISH BY AN AUSSIE.

New SatinEtch technology is now available in Australia.

- **SatinEtch™** provides a superior finish compared with traditional anodising.
- **SatinEtch™** delivers a uniform finish and exhibits fewer surface imperfections.
- **SatinEtch™** offers a fine matte finish that reduces reflectivity.
- **SatinEtch™** is more environmentally friendly than traditional anodising.

For more information on new SatinEtch™ technology, please call 1300 366 517.
