## URBAN PLUS SLIDING DOOR

The Urban Plus sliding door has been designed to span wide openings and maximise views. Available in sliding and multi-stack configurations the Urban Plus Sliding Door can span openings up to 12m wide and 2.7m high.

A number of performance sill options to suit standard and exposed locations provide great flexibility in the application of the system. Clean bold lines are hallmarks of this design and can be complemented with the elegant aesthetics of Caprio or Caprice hardware to create a defining feature within the home.

With single and double glazing options the Urban Plus Sliding Door offers flexibility to achieve stringent energy provisions and meet building code requirements across Australia.

### FEATURES AND BENEFITS

- Available as Standard or Multistack configurations with or without screen tracks.
- XO, OXO, XXO, OXXO, OXXXXO
- Low Profile (18.5mm), Standard (48.5mm) & HP (67mm) Sills available.
