

<h2>PRODUCT BULLETIN No. 214</h2>
<h3>Software Support</h3>
Commercial Residential Shower and Wardrobe Industrial Security

The Marketing team has been working on a new software support centre to assist and aid our fabricator network.

The Capral website now holds key support and information guides which includes **'help videos'** in categories covering (Quoting, Design, Resources and Maintenance). This portal can be referred to with an aim for you to troubleshoot any issues you may be facing. All the relevant software contact numbers and email enquiry forms can be found here, including a link to additional Orgadata support if you are unable to resolve your issue.

Below is a screen shot of where the portal can be found on the Capral website by navigating to: Home Page/Building Systems/Fabricator Portal/Software Support and Guides or by using the following link.
<http://www.capral.com.au/software-support-and-guides>

The video help guides are also featured on our Video gallery under software guide videos at
<http://www.capral.com.au/video-gallery>

Please contact us at marketing@capral.com.au for further information.

Kind regards

Nicholas Stavrou

National Marketing Manager
