

The Genesis Range Sliding Window

CAPRAL
ALUMINIUM

genesis

Easy to operate and timeless in design, sliding windows are an economical choice. Wide panels with no external projections means they are ideal for high traffic areas whilst providing good ventilation. Genesis Sliding Windows are available in various sized frames and can seamlessly integrate with doors, awning and fixed windows. Insect screening is included as a standard requirement.

The Genesis Sliding Window

The Genesis range of windows and doors has been designed to deliver a premium level of quality, performance and style in architectural aluminium design.

The Genesis Sliding Window is no exception. Featuring softly rounded profiles, high quality lock hardware and a range of single and double glazing options, the Genesis Sliding Window is the perfect choice when only the best will do.

Being part of the Genesis family, a full range of matching awning, casement, folding and double hung windows, sliding, hinged and folding doors are also available to further complement your design.

Features and Benefits:

- Premium quality 80mm architectural framing system
- Single and double glazing options
- Distinctive aesthetics, high quality hardware
- High wind and water performance options
- Compatible with the full range of Genesis window and door suites
