

PRODUCT BULLETIN No. 234
Commercial Gasket and Plectrum Update
Commercial – Architectural

Capral is pleased to announce the addition of a range of frame gaskets and an update to the pocket filler for the AGS commercial range.

Narrowline Gaskets

These Linen Impregnated Butyl material gaskets have been developed for the 300, 325 and 400 Narrowline framing systems. These gaskets enhance the sealing of the frames and provides time savings for the fabricator who no longer needs to silicone the frame joints.

There are two new gaskets for each of the framing systems listed, all new components are listed in the below table.

	<u>400 Narrowline</u>	<u>300 Narrowline</u>	<u>325 Narrowline</u>
HEAD/ FRAME	321149	321145	321147
SILL	321150	321146	321148

- **400 Narrowline Series Framing System**

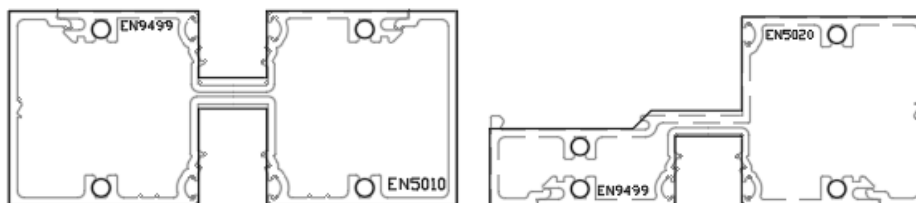

Material No: 321149
Description: 400 Narrowline Sill/Transom Gasket
No. Of Adhesive Surface(s): 2
Pack size: 100 pcs/pack

Material No: 321150
Description: 400 Narrowline Sill/Transom Gasket
No. Of Adhesive Surface(s): 2
Pack size: 100 pcs/pack

Figure below illustrates the gaskets fitment onto the extrusions.

- **300 Narrowline Series Framing System**

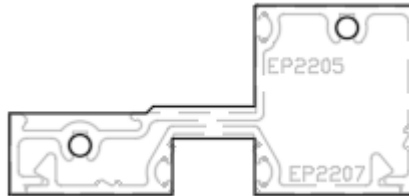

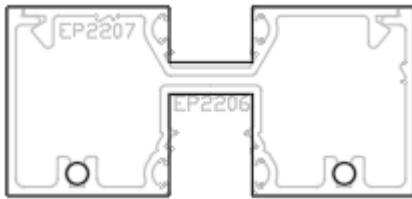

Material No: 321145
 Description: 300 Narrowline Frame Gasket
 No. Of Adhesive Surface(s): 2
 Pack size: 100 pcs/pack

Material No: 321146
 Description: 300 Narrowline Sill Gasket
 No. Of Adhesive Surface(s): 2
 Pack size: 100 pcs/pack

Figure below illustrates the gaskets fitment onto the extrusions.

- **325 Narrowline Series Framing System**

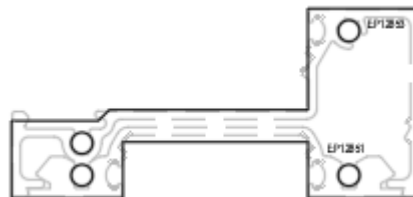

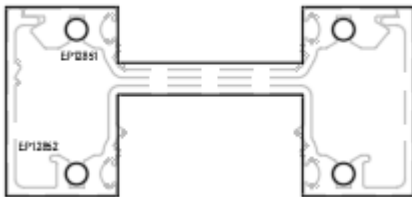

Material No: 321147
 Description: 325 Narrowline Frame gasket
 No. Of Adhesive Surface(s): 2
 Pack size: 100 pcs/pack

Material No: 321148
 Description: 325 Narrowline Sill Gasket
 No. Of Adhesive Surface(s): 2
 Pack size: 100 pcs/pack

Figure below illustrates the gaskets fitment onto the extrusions.

Materials being discontinued

The existing 400 Narrowline Foam Gaskets are being discontinued:

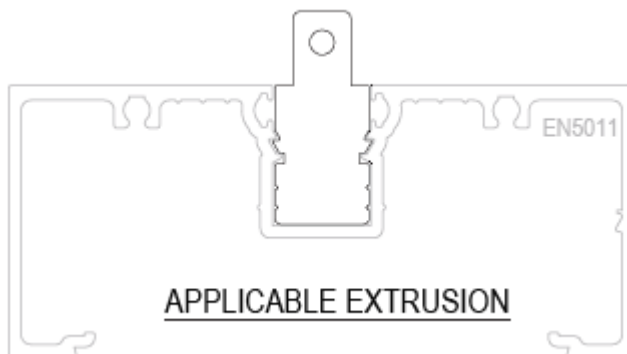

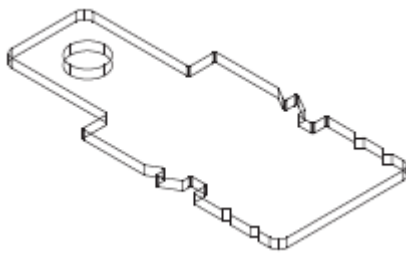

300160 - 400 FRAME FOAM GASKET 30.5M ROLL335

300161 - 400 SILL/TRANSOM FOAM GASKET ROLL205

These are now being phased out and once consumed will be replaced with the new Linen Impregnated Butyl gaskets.

AGS Narrowline Pocket Filler

Capral is also updating the AGS 400 Foam Drain Plug – 300164 to a newly designed AGS 400 Pocket Filler – 322026. The new pocket filler is a plastic plectrum type, similar to that used in the AGS 419 Double Glazed suite and has been designed to fit the AGS 400 Narrowline suite.

Material No: 322026
Description: AGS 400 POCKET FILLER CLEAR
Material: Clear Plastic
Pack size: 50 pcs/pack

This Pocket Filler can also be used in the following suites

300 Narrowline – Has a slightly shorter pocket and therefore component will need to be trimmed to length

601 Narrowline – Has identical pocket to the 400 Narrowline so will fit

600 Narrowline – Has a different glazing pocket and will therefore be a loose fit.

Technical Notes

Technical Manuals will be updated and published for download from the Capral website.
These new materials will be available in the Capral's estimation packages in the next updates.

Please contact your local Capral representative for further information.

Kind regards,

Matthew Finnie
