

<b>PRODUCT BULLETIN No. 235</b>
<b>Urban 580 Sliding window 300pa Flange Sill</b>
<b>Residential</b>

Capral is pleased to announce the addition of 300Pa Flange Sill to be the part of Urban 580 Sliding Window systems. This adds to the already existing 150pa version. Allowing the product to be used in a wide base across Australia

Material No: EP18322

Description: Urban 580 SW- 300Pa Flange Sill

This profile is designed to match the other flanged frames Urban 580SW Jamb EU6805 & Urban 580SW Head EU6771

This profile will suit newer version of punch tools. Unfortunately, it will not fit in some of the older versions. It will fit in model number ZOX 14871 – refer the Comail identification plate on the rear for the sill tool as per below

PUNCHING MACHINE  
REG. NUMBER N°  
MIN/MAX PRESSURE bar  
AIR CONSUMPTION NI  
WEIGHT Kg.  
YEAR

The current non-stocked Urban Capped flange frames (EP12712, EP12713 & EP12714) will be removed from technical manual and wall charts.

### Technical Notes

Technical Manuals will be updated and published for download from the Capral website.

These new materials will be available in the Capral's estimation packages in the next updates.

Please contact your local Capral representative for further information.

Kind regards,

**Matthew Finnie**

National Window & Door Systems Manager
