

PRODUCT BULLETIN No. 245
AGS 300 & 325 Nailing Fin Frames
Commercial - Residential

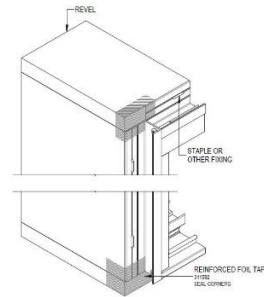

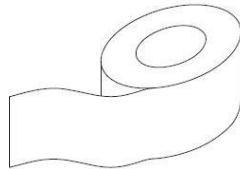

Capral is pleased to be introducing four new extrusions for the Residential & Architectural market. These extrusions are the reveal fin version of the 300 and 325 Series Framing Systems (EP2206, EP12852, EP2205 & EP12853), utilizing 76mm commercial frames/windows/doors for residential applications.

These additions allow easy and quick fabrication with reveals, also working with EP9487 76mm Revealed Sub Sill Sub sill.

When reveal products 311592 Reinforced Foil tape should be used on the corner junction

Refer to Product Bulletin 144 for further information.

311592
REINFORCED FOIL TAPE
50m ROLL
(PT018)
