NOTIFICATION Aluminium Linear Grate Release

Date: 18.01.2021

Department Commercial

Product Aluminium 65x27mm Linear Grate

Capral is expanding their linear drainage solutions by adding an aluminium Linear Grate to the range. Complimenting the existing stainless-steel option, the 65mm aluminium grate provides a more cost-effective solution, supplied in 20um Clear Anodised with a pre-slotted drainage pattern.

Capral has a dedicated page on our website providing further information

<https://www.capral.com.au/architectural-building-solutions/applications/drain-solutions/>

Alternatively, for further information related to our linear drainage solutions, please refer to previous Product Bulletins 231 and 237.

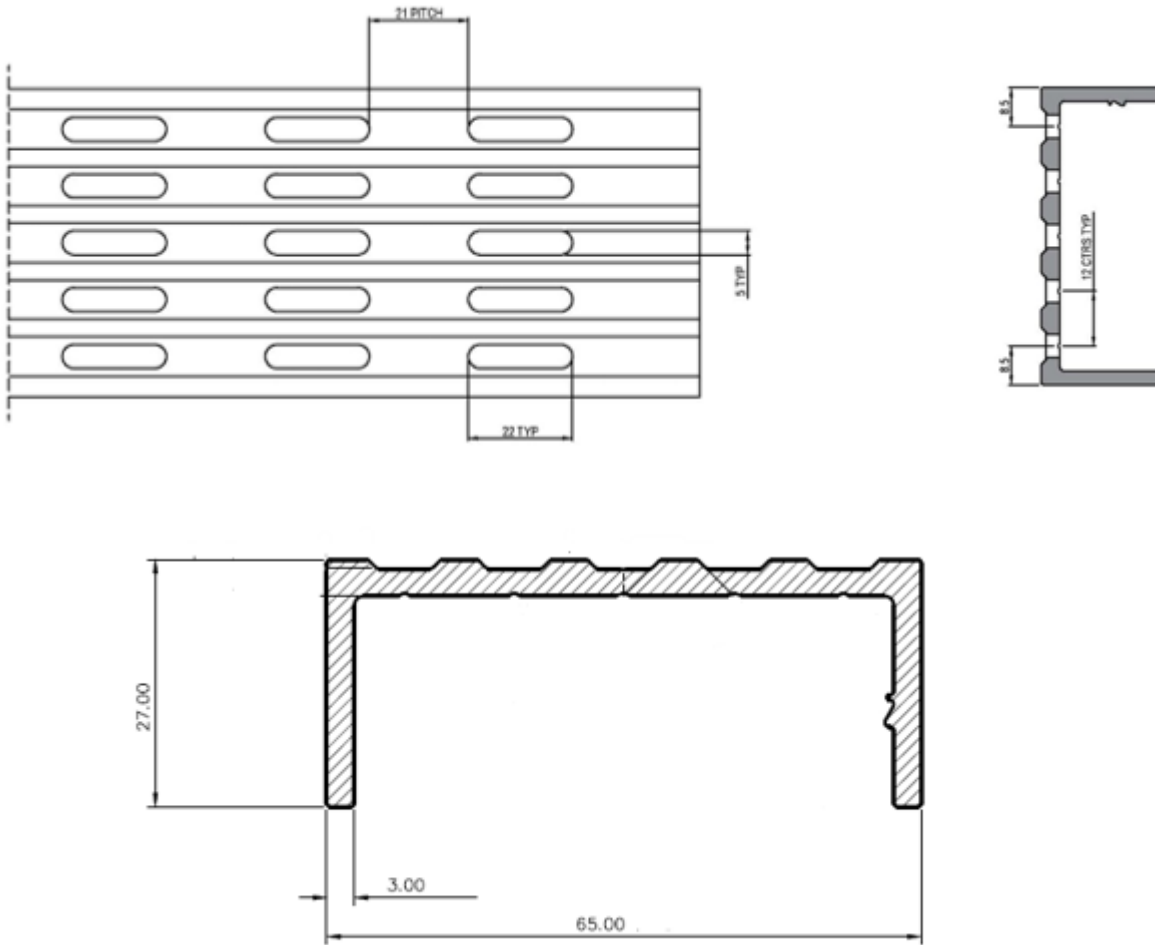

Capral’s new Flush Drain solution can incorporate either a stainless steel or aluminium grate, manufactured exclusively for the AquaGo system and fitted to Capral’s custom-extruded aluminium sub sill drains. This system is designed specifically for the Artisan Architectural 900 Sliding Door, Artisan Architectural Folding Door and the Urban 584 Sliding Door.

Fitting in the newly released range of linear grate sub sills

Material	Description	Length (m)
EP17689	GRATE SUB SILL - FOR 65X25MM GRATE & 100MM FRAME	6.5
