NOTIFICATION ASS 70.HI Obsolescence

Date: 18.03.2021

Department Schüco

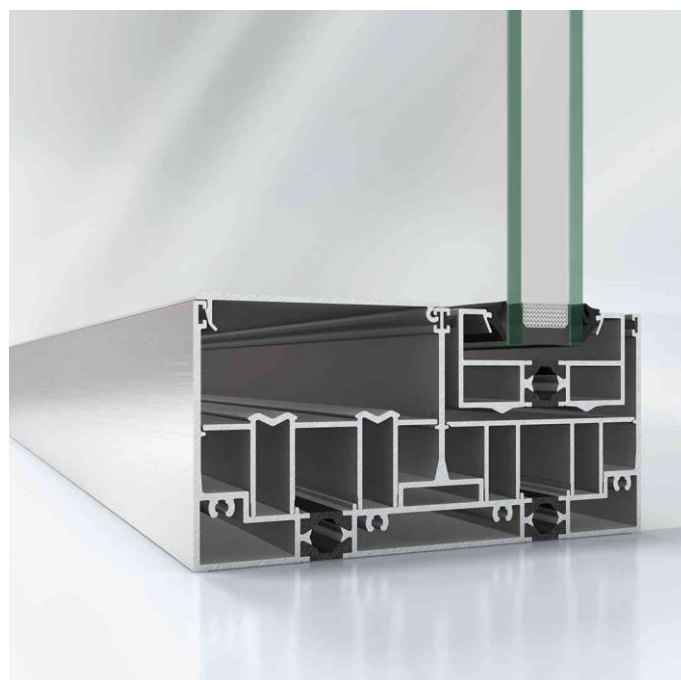

Product Schüco ASS 70.HI

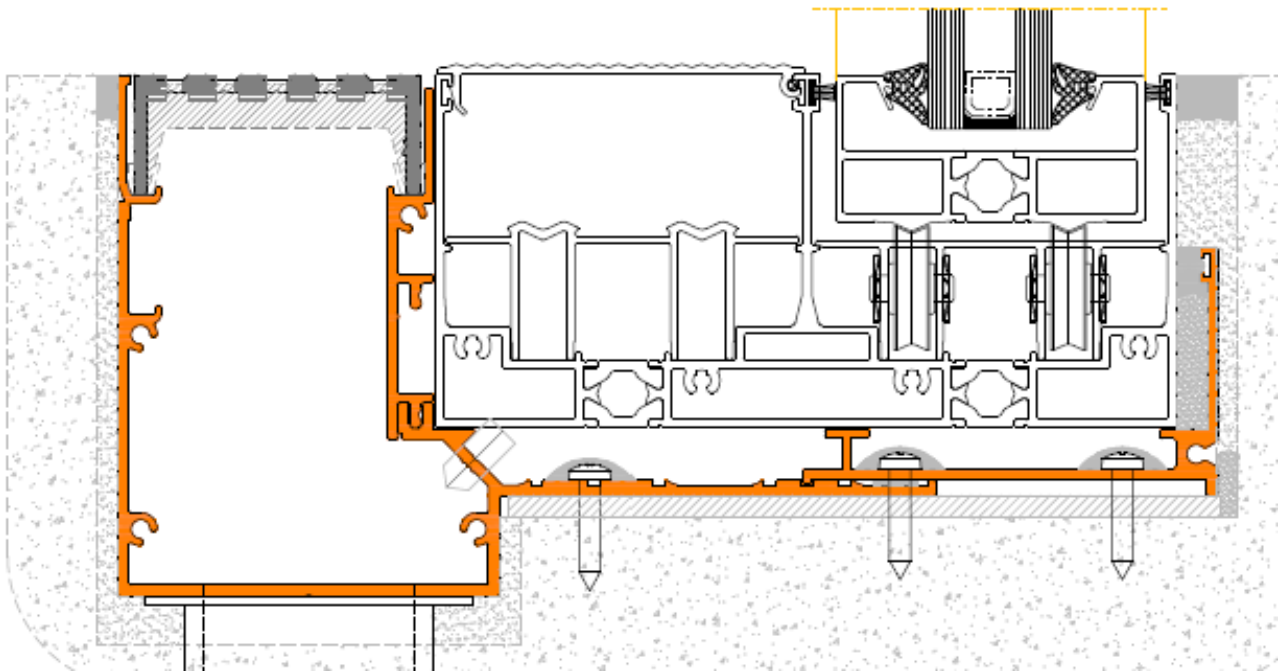

We regret to advise the Schüco ASS 70.HI Lift & Slide High Insulated Door is being removed from the Schüco International product offer.

With this, Capral must remove it from the Australian product offer. We have successfully exited the stock and from this point are no longer able to sell this door system.

The product will be removed from the Capral/Schüco website and from LogiKal estimation program.

We are working hard to release a replacement door system, which will be a Panoramic Thermally Broken sliding door, which we feel is very suitable from the Australian market and climate. This door is planned for release in the 3rd Qtr. 2021 once all AS2047 testing is completed. This will be a complete door system with integrated drain solutions.

Regards
