

## Product Bulletin 295 Technology Solutions Group

### NOTIFICATION PRODUCT INFORMATION

Date: 09.09.2021

Department Building Systems Group

Product Capral & AGG WERS Information

Capral, in partnership with Australian Glass Group (AGG) have performed WERS ratings on the full range of AGG's glass into Capral and Schüco products and have compiled these into two simple to use documents for your reference.

Please contact your Capral Account Manager to obtain a copy of this document.

High Performance  
Energy Efficient Softcoat  
LowE DGU & Standard DGU  
for Schüco systems

High Performance  
Energy Efficient  
Softcoat LowE DGU  
for Capral systems

Australian Glass Group is proud to showcase their high-performance Softcoat LowE DGU & Standard Double-Glazed Units alongside Capral's high-performance products including their flagship products:

An ideal LowE for warmer climates to minimise Glare and a balance of Solar Control & great Insulation

An ideal LowE for colder climates with maximum Visible Light, Passive Heat Gain & excellent Insulation

Superior performance to maximise both Solar Control and Insulation without compromising Visible Light

The documents are in a user-friendly format. Contents page and the WERS Window ID in the top left corner of each page have links which take you straight to the WERS website.

The WERS links are also available for each product via the Capral website and is detailed for each suite in the Product Overview section.
