AGS 215 HINGED DOOR

The AGS 215 Door is a 36mm beaded hinged door panel designed to meet the market demand for a cost effective hinge door with all the key attributes of a commercial hinged door. This makes it a great choice for semi-architectural and light commercial projects such as domestic entry doors and internal applications.

This door can be either single or double glazed and is compatible with a vast range of commercial and architectural locks and furniture and the Capral's wide offering of framing systems.

FEATURES AND BENEFITS

- 36mm Door Panel
- Suits both single and double glazing
- Suits light-commercial and semi-architectural applications
- Compatible with a wide range of framing suites
- Single or french door configurations
- Low profile non-water-rated sill
- Compatible with the full range of Caprice & Caprio hardware

Capral's AGS range is extruded in Australia using LocAl® Green primary aluminium.

- 50% lower-carbon emissions than global averages for primary aluminium
- 8kg CO₂e/kg Al
- ASI Certified Smelter
