# ARE YOU LOOKING FOR SEATING SOLUTIONS FOR YOUR NEXT OUTDOOR PROJECT?

LOOK NO FURTHER THAN CAPRAL ALUMINIUM.

Whether you're designing a playground, a school outdoor learning space, or a stadium, our seating can be arranged to take advantage of shade, view, and space, providing ample seating for any occasion. Plus, our aluminium seating is attractive and low maintenance, ensuring it won't rot, crack, or split like other materials.

Durable and long-lasting Capral Aluminium seating is an investment that can withstand harsh weather conditions and heavy use. With our seating staying cooler to the touch on hot sunny days, it's the perfect solution for outdoor environments like schoolyards and sporting venues where safety is paramount. So whether you're looking for seating for parks, pools, or gardens, Capral Aluminium has you covered.

## BENCH SEATING

Capral Aluminium bench seats are designed to withstand high-traffic areas and require minimal upkeep, ensuring they last for years. Perfect for schools, sports facilities, and public spaces, these seats are also non-corrosive, making them ideal for wet environments like swimming pools, coastal areas, or commercial ferries. With various options, including backrests, and freestanding or concrete-fixed configurations, Capral has everything you need to customise your seating solution. Plus, with 4 or 6 metres lengths, these benches are easy to fit into any space.

## FREESTANDING STACKABLE SEATING

Capral Aluminium stackable seating is designed to be strong yet lightweight, making it easy to move around and stack as needed. Even better, it can seat up to four people (or six children), ideal for schools, halls, and assembly rooms. These seats are built to last, with rugged durability, ensuring they'll withstand years of use. With five classic colours, you will find the perfect shade to complement your space. This stackable seating system is a wise investment for anyone needing flexible seating options without sacrificing space or durability.

## PICNIC COMBINATION TABLE AND SEAT SETTINGS

Are you looking for a durable and reliable outdoor furniture set that can comfortably seat 6-8 people? Look no further than Capral Aluminium table and seat settings, which are perfect for use in various applications, including motels, hotels, clubs, recreation areas, schools, pools, and parks. Made from heavy-duty aluminium, this setting is built to last and won't rot, crack, or split like other materials. You can choose from either 2 or 4-sided configurations and bolt it down for added stability. Plus, this freestanding setting is available in either 4 or 6-metre lengths and a range of long-lasting colour finishes to match your outdoor decor perfectly.

# THE BENEFITS OF ALUMINIUM SEATING

You'll find the decision is easy when it comes to choosing Capral's seating solutions.

## Lightweight

- Aluminium seating is lightweight and easily fabricated, offering substantial savings on installation costs.

## Easy to install

- Supplied in kits and easy to assemble with basic hand tools.

## Long-lasting

- Extremely long-lasting and able to withstand harsh elements
- Attractive anodised finish requires minimal maintenance
- Will not stain, crack, warp, rust or splinter and does not require painting, making it an appealing alternative to other seating materials.

## Ideal for wet areas

- Suitable for wet or ocean environments, making it ideal for swimming centres, coastal areas and marine transport.

## Smooth & practical

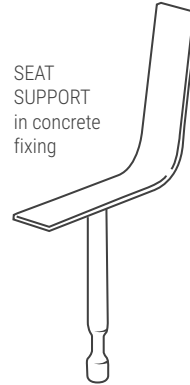

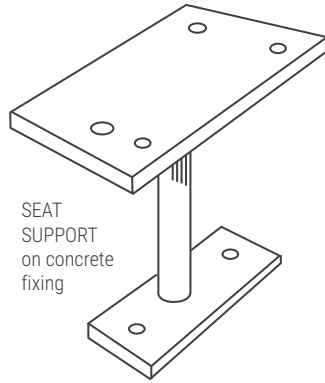

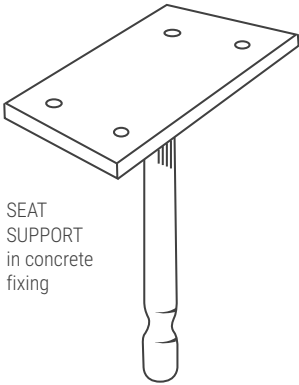

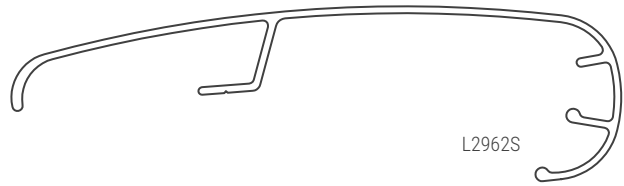

- Smooth round edges and protective end caps, eliminating the possibility of snagging or marking of clothing
- Vandal-resistant and durable.

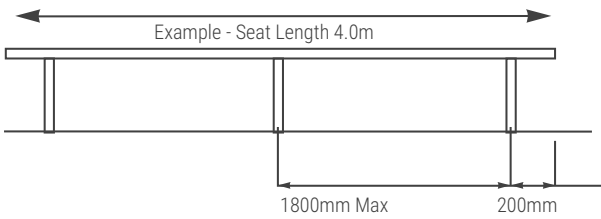

## Versatile

- Varying heights to accommodate both adults and children
- Seat supports available in 300mm (infant), 350mm (primary), 400mm (secondary) and 500mm (adult) heights
- In-ground or above-ground fixing.
