

Capral Security Window and Door Grilles

Finding the right balance between appearance and performance is not always easy. Protect your home, family or business with quality Diamond Grille products suitable for security door, barrier door and secure window screens that provide an affordable visual deterrent and effective protection against uninvited guests entering your home.

Capral Security Grilles

Home owners can have peace of mind knowing that the Diamond Grille they choose is of the highest standard available in Australia today. Capral Diamond Grille security products provide the best of both worlds - plenty of fresh air and peace of mind.

Capral Diamond Grille has been tested in the roughest circumstances to ensure it is suitable to protect Australian homes and businesses.

Tested to Australian Standards

When made to the technical specification of Capral Security Products, Capral Diamond Grille meets the Australian Standards (AS 5039-2008) test which consists of six separate tests that all have to be passed by the same test sample. The tests include dynamic impact test, jemmy test, pull test, probe test and shear test.

Test Performance

Shear Test

Dynamic Impact Test

Jemmy Test

Security: Australian Standard AS5041 - 2003 Methods of Test - Security Screen Door and Window Grilles.
