## AGS 650 NARROWLINE WIDE POCKET (150mm)

The AGS 650 Narrowline framing boasts extra-wide glazing pockets, making it ideal for various applications. It can effortlessly accommodate double glazed units with internal Venetian blinds, a common choice in healthcare projects. Additionally, it's suitable for situations requiring extra-thick glazing to meet cyclonic impact standards or triple-glazing for enhanced energy efficiency.

With its versatile design, the AGS 650 Narrowline can accept glazing ranging from an impressive 44mm width to a standard 12mm by using inlay beads. This adaptability ensures it can meet your specific project requirements with ease.

### FEATURES AND BENEFITS

- Dedicated wide pocket double glazed 150mm x 55mm centre glazed frame
- Ideal for health projects where double-glazed venetians have been specified
- Captive glazing wedge options for easier on-site glazing
- Supports various glass thicknesses with the use of an adaptor
- Full sub-frame options are available
- Compatible door and window suites available
- Internal and externally beaded options

### MAXIMUM PERFORMANCE

Serviceability Pressure	3000Pa
Ultimate Pressure	4500Pa
Water Penetration	900Pa*

### FRAME DIMENSIONS

Depth	150mm
Height	55mm

### MAXIMUM RECOMMENDED SIZE

Height	4400mm
Width	2000mm

### GLAZING CAPACITY

Thick Glass (Adaptor)	12-25mm
Double Glazed (Adaptor)	18-31mm
Wide Double Glazed	31-44mm

Capral's AGS range is extruded in Australia using LocAL<sup>®</sup> Green primary aluminium.

- 50% lower-carbon emissions than global averages for primary aluminium
- 8kg CO<sub>2</sub>e/kg Al
- ASI Certified Smelter
