

SUPAGUARD®

AMPLIMESH® SUPAGUARD®

At the center of every SupaGuard® screen is an ultra high tensile Stainless steel mesh which offers exceptional strength and corrosion resistance without compromising on natural light and ventilation.

The SupaGuard® Security Screen System features our patented isolated screw clamp mesh retention system for maximum strength, security and peace of mind like never before. With SupaGuard®, experience security redefined.

FEATURES AND BENEFITS

- Available with 316 Marine Grade Stainless Steel mesh (0.8mm)
- 156 degree viewing angle
- Top hung escape window available
- Integrated multi-point locking system
- Available in a comprehensive range of colours
- Patented* isolated screw clamp mesh retention system combines extreme wedge pressure, high-friction materials, and custom engineered screw clamps to efficiently absorb and disperse impact energy equally along the frame.
